

NOTICE:

**CUSTOMERS WHO SHARE WHITE HOUSE UTILITY DISTRICT WATER AND
HENDERSONVILLE UTILITY DISTRICT SEWER**

Please be aware that Hendersonville Utility District (HUD) will begin direct billing sewer service for White House Utility District (WHUD) water customers. WHUD has been billing HUD sewer services in areas that are served by WHUD water since 1999. This has caused some confusion to customers and additional labor for WHUD for the billing of HUD customers. HUD anticipates billing to start by March 2019. You will receive 2 bills, one from WHUD for water and one from HUD for sewer. You will also need to contact HUD with sewer billing questions and adjustments once implementation is complete.
